RWQCB – Region 9 Tentative Order No. R9-2006-0121

The San Diego RWQCB-Region 9 has scheduled a hearing on February 14, 2007 at 9:00 am to consider adoption of Tentative Order No. R-9-2006-0121 that makes it mandatory, among other things, to report all private lateral SSOs; whereas, in the newly adopted statewide WDR, the reporting is strictly voluntary.

SCAP and CASA are making a joint presentation at the hearing to oppose the adoption of this Tentative Order and would greatly appreciate the presence of our Region 9 members to further support our position.

A copy of Tentative Order No. R9-2006-0121 and the meeting agenda are available on the Regional Board's website at www.waterboards.ca.gov/sandiego.
