Mr. Thomas Williams Legally Responsible Official Ironhouse Sanitary District 450 Walnut Meadows Drive Oakley, California 94561

Dear Mr. Williams:

NOTICE OF VIOLATION; COLLECTION SYSTEM REQUIREMENTS; IRONHOUSE SANITARY DISCTRICT; CONTRA COSTA COUNTY

The State Water Resources Control Board's (State Water Board's) Office of Enforcement (OE) conducted a compliance evaluation to determine the Ironhouse Sanitary District's compliance with Water Quality Order No. 2006-0003-DWQ (Sanitary Sewer System Order, hereafter, SSSWDRs)¹ which regulates the operations, maintenance and management of the sanitary sewer collection system to reduce the number of Sanitary Sewer Overflows (SSOs) and the volume of wastewater spilled. The purpose of this letter is to follow up on the list of violations discussed with you during our July 5, 2011 unannounced visit to the Ironhouse Sanitary District (District) to evaluate the District's reporting compliance with the SSSWDRs. A comprehensive audit of the District's sanitary sewer system was not conducted by OE staff. Also included in this letter are our findings based on review of the District's existing Sewer System Management Plan, which include numerous violations that must be corrected and addressed.

BACKGROUND

The SSSWDRs require all public agencies that own or operate a sanitary sewer system comprised of more than one mile of pipes that convey wastewater to a publicly owned treatment facility to apply to the State Water Board for coverage under this Order. Applicable public agencies are required to file a Notice of Intent to Comply with the Terms of the Statewide General Waste Discharge Requirements for Sanitary Sewer Systems (NOI) for each individual sanitary sewer collection system owned or operated by the public agency. The deadline for enrollment was November 2, 2006. Our records indicate that the District filed an NOI with the State Water Board on 10/25/2006 and enrolled "Ironhouse Sanitary District", which was then issued Waste Discharge ID (WDID) #5SSO10970 by the State Water Board.

¹ Available at: http://www.waterboards.ca.gov/sso/index.html

NOTICE OF VIOLATION

The District has violated the SSSWDRs (Order No. 2006-0003-DWQ) as follows:

TO BE LEVEL TO BE SEEN FOR	V	IOLATIONS
FINDING	RELEATED CITATION(S)	COMMENTS
SANITARY SEWER OVERFLOW	REPORTING	
The District failed to provide a total of 10 "No Spill Certifications" on time between 09/02/2007 and 05/01/2011.	SSSWDRs, Amended MRP, A.7	The District must explain why each of the following "No Spill Certifications" were not completed within the time requirements dictated by the Amended MRP (within 30 days after the end of each calendar month): March 2011, February 2011, October 2010, December 2009, March 2009, December 2007, November 2007, October 2007, and September 2007.
SEWER SYSTEM MANAGEMENT	PLAN (SSMP): CE	RTIFICATION
The District failed to certify its final SSMP on time (457 days late).	SSSWDRs, section D.15	The District must explain why the final SSMP, due to be fully completed and certified in CIWQS by the District on or before August 2, 2009, was not certified until 11/7/2010 (457 days late). (See Attachment)
The District failed to certify the SSMP "Development Plan and Schedule" on time (340 days late).	SSSWDRs, section D.15	The District must explain why these elements were not certified on time. (See Attachment)
The District failed to certify its SSMP "Goal" [section D.13(i)] and "Organization" [section D.13(ii)] on time (340 days late).	SSSWDRs, section D.14-15	The District must explain why these elements were not certified on time. (See Attachment)
The District failed to certify its SSMP "Legal Authority" [section D.13(iii]), "Operation and Maintenance Program" [section D.13(iv)], "Overflow Emergency Response Program" [section D.13(vi)], "Design and Performance Provisions" [section D.13(v)], and "Fats, Oils and Grease (FOG) Control Program" [section D.13(vii]) on time (31 days late).	SSSWDRs, section D.15	The District must explain why these elements were not certified on time (See Attachment)

enteriority of periods with department	version of the V	IOLATIONS
FINDING	RELEATED CITATION(S)	COMMENTS
The District failed to certify its SSMP System Evaluation and Capacity Assurance Plan [section D.13(viii)], Monitoring and Program Modifications [section D.13(ix)], Program Audits [section D.13(x)], and "Communication Program" [section D.13(xi)] on time (457 days late).	SSSWDRs, section D.15	The District must explain why these elements were not certified on time (See Attachment.)
SEWER SYSTEM MANAGEMENT	PLAN (SSMP): CO	ONTENTS
The District's SSMP "Goals" section fails to satisfy the minimum requirements of the SSSWDRs by not including a Plan and Schedule to properly manage, operate, and maintain all parts of the District's sanitary sewer system.	SSSWDRs, D.13(i)	The District must modify the SSMP to include a description of these activities. The District must also explain why these elements were not included in the District's original SSMP.
The District's SSMP "Organizational Structure" section fails to satisfy the minimum requirements of the SSSWDRs by not including the telephone numbers for management, administrative and maintenance positions responsible for implementing the SSMP, including chain of communication for reporting SSOs from receipt of compliant through certification.	SSSWDRs, D.13(ii)(b) and (c)	The District must modify the SSMP to include a description of these activities. The District must also explain why these elements were not included in the District's original SSMP.
The District's SSMP fails to satisfy the minimum requirements of the SSSWDRs for explaining how the District is maintaining an up-to-date map of the sanitary sewer system.	SSSWDRs, D.13(iv)(a)	The District must modify the SSMP to include a description of these activities. The District must also explain why these elements were not included in the District's original SSMP.

California Environmental Protection Agency

SECTION COMMENTS		/IOLATIONS
FINDING	RELEATED CITATION(S)	COMMENTS
The District's SSMP fails to satisfy the minimum requirements of the SSSWDRs for describing the District's "routine preventative operation and maintenance activities".	SSSWDRs, D.13(iv)(b)	The District must modify the SSMP to include a description of these activities. The District must also explain why these elements were not included in the District's original SSMP.
The District's SSMP fails to satisfy the minimum requirements of the SSSWDRs for describing the District's "rehabilitation and replacement plan" for short-term and long-term actions.	SSSWDRs, D.13(iv)(c)	The District must modify the SSMP to include a description of these activities. The District must also explain why these elements were not included in the District's original SSMP.
The District's SSMP fails to satisfy the minimum requirements of the SSSWDRs for describing the District's Design and Performance Provisions, including design and construction standards, specifications, and procedures undertaken for inspecting and testing new sewers.	SSSWDRs, D.13(v)	The District must modify the SSMP to include a description of these activities. The District must also explain why these elements were not included in the District's original SSMP.
The District's SSMP fails to satisfy the minimum requirements of the SSSWDRs for the overflow emergency response program, including describing the District's program to ensure that all reasonable steps are taken to contain and prevent discharge of wastewater to minimize or correct impacts from SSOs, including accelerated monitoring efforts.	SSSWDRs, D.13(vi)(f)	The District must modify the SSMP to include a description of these activities. The District must also explain why these elements were not included in the District's original SSMP.

	VIOL	LATIONS (cont'd)
FINDING	RELEATED CITATION(S)	COMMENTS
COLLECTION SYSTEM QUESTION	NNAIRE	
The District failed to include an estimate for the total number of lateral connections in the Collection System Questionnaire, field #18.	SSSWDRs, Amended MRP	The District must provide this estimate in CIWQS. (See Attachment.)

	AREAS OF CONCERN								
FINDING	RELEATED CITATION(S)	COMMENTS							
SEWER SYSTEM MANAGEMENT	PLAN (SSMP): C	CONTENTS							
The "Operation and Maintenance Program" in the District's SSMP erroneously states that "the California Water Resources Board mandates that ISD televise 100% of the sanitary sewer gravity collection system."	N/A	This is not a requirement included in the SSSWDRs and the SSMP should be modified as appropriate to correct this error.							
The District's SSMP is deficient in describing details regarding training provided by the District on a regular basis for staff and contractors (if appropriate) regarding sewer system operations and maintenance procedures.	SSSWDRs, D.13(iv)(d)	The District should modify the SSMP to include a description of these activities.							
The District's SSMP is deficient in fully describing the District's activities for sewer system evaluation and capacity assurance planning.	SSSWDRs, D.13(viii)	The District should upgrade descriptions in its SSMP with regards to the specific activities and projects to demonstrate how the District is complying with the minimum criteria in "Evaluation" [section D.13(viii)(a)], "Design Criteria" [section D.13(viii)(b), "Capacity Enhancement Measures" [section D.13(viii)(c), and "Schedule" [section D.13(viii)(d)							

- 6 -

AREAS OF CONCERN (cont'd)									
FINDING	RELEATED CITATION(S)	COMMENTS							
The District's SSMP "Monitoring, Measurement and Program Modifications" section should be improved.	SSSWDRs, D.13(ix)	The District should expand this section in its SSMP to demonstrate how the District is identifying, tracking, and monitoring SSO trends and reduction performance.							
The District's SSMP "Communication Program" should be improved.	SSSWDRs, D.13(xi)	The District should expand this section in its SSMP to demonstrate how the District is "communicating with the public on a regular basis" regarding the development, implementation and performance of the SSMP.							

SUGGESTED ENAHNCEMENTS

SEWER SYSTEM MANAGEMENT PLAN (SSMP): CONTENTS

The District's SSMP is poorly organized which makes it difficult for the reader to comprehend the District's sewer system maintenance, operations and management activities.

The District should consider reorganizing the SSMP, including addition of a table of contents to improve its organization and flow of information. Also, older information should be archived in such a manner that the reader is informed about the latest approved information in the document.

Please provide the State Water Board with a certified, written response by September 9, 2011 that either confirms the correction of each violation(s) or identifies a specific date by which the violation(s) will be corrected. The State Water Board staff needs this information to address any discharges from your sanitary sewer collection system facilities and to assess the environmental impacts of any past discharges into waters of the State.

The Office of Enforcement may pursue an enforcement action for the above violations, including issuance of an Administrative Civil Liability Complaint and/or referral of this matter to the Attorney General's Office or the San Joaquin County District Attorney's Office. Failure to submit the above required response may result in further enforcement action by the Office of Enforcement. If you have any questions, please contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr. Jim Fischer, OE Special Investigations Unit, at (916) 341-5548, or by email at <i in the contact Mr

SSO Public Report - Detail Page

Here is the detail page of your SSO public report search for the selected region, responsible agency, or collection system. These results correspond to the following search criteria:

SEARCH CRITERIA: [REFINE SEARCH]

- Agency (ironhouse)
- Spill Type (sso_cat1_2)

The table below presents important details for all sewage discharge locations, as submitted through individual SSO reports, which meet the search criteria selected. If data is not shown for a particular field, it means the Enrollee did not provide the information and was not required to do so. To view the entire SSO report for a specific sewage discharge location, please select the corresponding EVENT ID.

Note: Click on hyperlinks to get comparison charts for CS, Region, and State grouped by 'Miles Of Pipe'.

- (1) The number of Category 1 and 2 SSOs resulting from a failure in the Enrollee sewer system per 100 miles sewer system owned by the Enrollee per year.
- (2) Net Volume (volume spilled minus volume recovered) of SSOs, for which the reporting Enrollee is responsible, per capita (i.e. the population served by your agency's sanitary sewer system), per year.
- (3) Value calculated using miles of force mains and other pressure systems and miles of gravity sewers the agency is responsible for.
- (4) Value calculated using miles of laterals the agency is responsible for (Lower Only, UpperLower). For collection systems with no lateral responsibility a N/A is shown.
- (5) Value Calculated using total miles of collection system pipe the agency is responsible for.
- (6) Comparison made between similar collection systems type (e.g. municipal) and lateral responsibility for the entire state over the selected time period. Comparison indices are calculated for all similar collection systems and averaged for comparison.
- (7) Comparison made between similar collection systems type (e.g. Municipal) and lateral responsibility for collection systems in same region (e.g. Region 5S). Collection system indices are calculated for all similar collection systems and averaged for comparison. For airport, hospital, marinas, military, park, port, prison, school, and other collection systems facilities, only state comparison is shown.
- (8) For Criteria used and term definitions refer to the SSO Glossary of Terms.

Complete SSMP Implementation	Yes

^(*) Under the Statewide General WDRs for Sanitary Sewer Systems, WQO No. 2006-0003, enrollees are required to develop and implement a written Sewer system Management Plan (SSMP) and must make it publicly available. The SSMP must be approved by the deadlines in the SSMP Time Schedule presented in the Sanitary Sewer Systems WDR.

Additional Information:

• Data used for the Operational report is reported by the enrollees through the CIWQS (California Integrated Water Quality

4 of 5 8/2/2011 2:53 PM

System) SSO module.

- Indices are calculated for the date range specified (default is past 4 months) and using data available since reporting was
 required for all enrollees as specified in the Sanitary Sewer Systems WDR. Reporting was required to begin for Regions
 4,8,9 on 1/2/2007, Regions 1,2,3 on 5/2/2007, and, Regions 5,6,7 on 9/2/2007.
- Comparisons are made between similar collection systems type (e.g. Municipal), and lateral responsibility for the entire state and region. Indices are calculated for all similar collection systems and averaged for comparison.
- Category 1 spills are required to be fully certified 15 calendar days after SSO response conclusion and Category 2 spills are required to be fully certified 30 Calendar days after end of calendar month which SSO occurred. Therefore, spill records for the past approximately 60 days may be incomplete.
- Average Number of Spills per 100 miles: Measures the number of sewer overflows per 100 miles of sewer lines. Notice that
 these indices are strongly influenced by the length of collection system owned by the enrollee.
 - For instance, an enrollee that owns and operates a collection system of one (1) mile in length having only one (1) spill (analyzing data for ONE year) will have a Operational indice of 100.0 spills/100mi/yr. On the other hand, an enrollee that owns and operates a collection system of one hundred (100) miles in length having only one (1) spill (analyzing data for ONE year) will have a Operational indice of 1.0 spills/100mi/yr.
- Average Net Volume (volume spilled minus volume recovered) of Spills per Capita: Measures the volume in gallons of SSOs, for which the reporting Enrollee is responsible, per capita (the population served by your agency's sanitary sewer system).
 Where the volume recovered is greater than the volume spilled, the net volume will be considered to be zero.
- The "agency" or Enrollee listed on a SSO report is responsible for the data presented in this report and should be contacted directly for questions related to their Data.
- More information on the Sanitary Sewer Overflow Reduction program is available at: http://www.waterboards.ca.gov/water_issues/programs/sso/index.shtml
- The Sanitary Sewer Overflows Incident Map is available at: http://www.waterboards.ca.gov/water_issues/programs/sso/sso_map/sso_pub.shtml
- The Interactive SSO report: https://ciwqs.waterboards.ca.gov/ciwqs/readOnly/PublicReportSSOServlet?reportAction=criteria&reportId=sso

The current report was generated with data as of: Monday, August 01, 2011
Regional Boards are in the process of entering backlogged data.
As a result, data may be incomplete.
Reports are constructed from all entered data as of the close of business the previous day.
